

**Active Carrot June 2015 Feature Release**

**Membership Renewal Discount**

You can now set a discount by Membership Category to be applied when a customer renews through Active Carrot.

*Manager Portal > Site Configuration > Membership Categories*

**Manage Membership Categories**

ID	Category Description	Action
1	DIRECT DEBIT	
2	UP FRONT	

1. Enter in the discount percentage into 'Renewal Discount Percentage' field.

ActiveCarrot Trial Site 1 (476)

**Edit UP FRONT category**

Discount Percentage  0-100

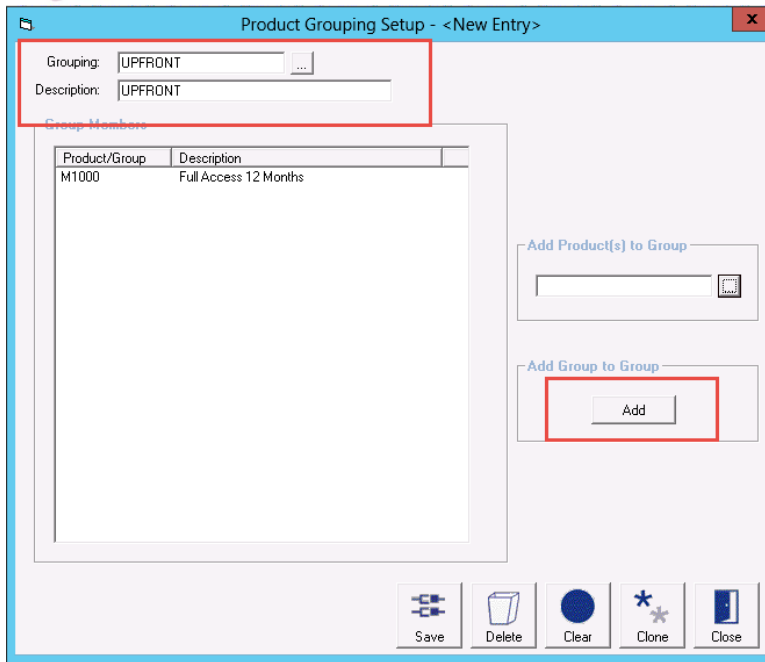

**Renewal Discount Percentage**  0-100

Discount Expiry  DD/MM/YYYY

**Membership URL Groupings**

You can now group your memberships based upon the assigned product group in Links. By using grouping you are able to specify terms and conditions for each membership group and use a separate URL per membership group.

To set this up in Links go to Admin > Products/Services > Groupings. For more information on how to set up groupings, please refer to the Active Carrot and Links User Guide.

Manager Portal> Site Configuration> Membership Product Groupings

### Manage Membership Grouping

Using the ID in the below table you are able to filter the public membership page to only show memberships in this group.  
 EG: /public/contract/application/{site\_id}/{group\_id}

By using grouping you are able to specify Terms and Conditions for each membership group

ID	Group Code	Group Description	Action
3	UPFRONT	UPFRONT	 
4	DIRECTDEBIT	DIRECT DEBIT	 

This will display a preview of the URL will look for this membership group

This gives you the ability to edit the terms and conditions for this membership group.

You can provide the URL for the membership grouping to your website developers if you wish for a quick link off your website to a particular group.

If you choose not to use the separate URLs and use grouping, the online membership page will appear with headers as shown below.
